

ENERGY AND SUSTAINABILITY COMMITTEE
AGENDA FOR NOVEMBER 12, 2019 MEETING

1. Review minutes from previous meeting
2. Review and establish goals for all projects currently on the table for committee, and provide recommendations to the Capital Planning Committee, the town manager and the Select Board
3. Goal setting for our committee for this coming year: where do we want to see our town in the next 30 years? How to get input from the community on these goals?
4. Recommendations to the Select Board from our committee
5. Review draft letter to FERC on behalf of the Energy and Sustainability Committee
6. Other business
